

Compleo ePOLE Data sheet

With the five different variants of the ePOLE, you position one or two eBOXes in an elegant manner at a location of your choosing. The ePOLEs are suitable for the eBOX smart, the eBOX professional and the eBOX touch – each with and without attached cable – and are equipped with cable holders. The eBOX is mounted to the ePOLE using an eCLICK. Two supply lines allow for parallel charging with unrestricted charging capacity of up to 22 kW each per charging point.

ePOLE
(for a single eBOX)

ePOLE side-by-side
(for two eBOXes)

ePOLE back-to-back
(for two eBOXes)

Highlights

- ✓ Elegant pole for one or two eBOXes with plug or cable
- ✓ Available with two eCLICKs and two eBOXes smart, professional or touch
